If these men generally become inefficient at the age of 55, a rule for the grant of ordinary ~~of Superannuation~~ pension on attainment of this age may be sanctioned. The general principles governing Superannuation in the Civil Dept, unless inapplicable to the military Dept, have to be kept in view as otherwise the pension charges would become very heavy if all men 55 years old were retired. The proposed article 382 A is similar to art 378(2) M.S.R. which applies only to officers men of the Imperial Service Regiment in whose case the limit of age is 52 years. But on the other hand these officers become entitled to pension after 20 years' service which those of the Bar Regiments earn an invalid pension after a service of not less than 30 years. If the age at which men are usually recruited is below 25 years there is no objection to the rule

but as men who seek good health will retire on the usual pension; but if the age of recruitment is above 25 there will be a great deal of loss caused by discharges on pension Lordship, unless the Military authorities restrict the rule to the exceptional cases referred to in Art 383 M.S.R.

Please send Mo. & Mil Asst to kindly recording his views on the above point, whether the men are recruited enlisted at an earlier age than 25.

Special Gratuity or Pension.

383. When officers and men of the Mysore Cavalry Regiments and Barr Force become inefficient for military service through loss of nerve, excessive obesity, bad riding or marching or other disqualifying cause, and are not considered by the medical officers as entitled to a certificate of physical disability, the Chief Commandant may, on the representation of Commanding Officers, bring such cases before a Committee recommending the individuals, found inefficient, for a special gratuity or pension as the case may be, when the length of their service is more than five years. The Committee will consist, in the case of Imperial Service Troops, of the Military Assistant, the Chief Commandant, and the Inspecting Officers, and in the case of Local Troops, of the Military Assistant and the Chief Commandant. It will be the duty of the Committee in these cases to carefully examine the men and record their opinion on the roll which will then be submitted to Government for orders.

Under the existing rules officers and men of the Imperial Service Regiment are liable to be retired by order of the Chief Commandant at the age of 52, (Vide Art. 378(2) Mysore Service Regulations) and officers and men of the Local Service Regiment at the age of 55 (vide G.O. dated 15th September 1903), but there is no rule regarding superannuation for the Barr Infantry.

Flag K

The only rule under which officers and men of the Barr Force can be retired is on a medical certificate, or under the provisions of Art. 383, Mysore Service Regulations, which requires the opinion of a Committee in each case. Article 383, M.S.R., is obviously intended for cases of men under the age of superannuation being incapacitated for military service by special causes. and the need has been felt for a rule of superannuation under which the Chief Commandant can retire a man who has passed a certain age and is obviously unfit for further service, without recourse to the elaborate procedure prescribed by Article 383, Mysore Service Regulations. The Council considers that such a rule may be prescribed and that the age of 55 may be fixed as the age of superannuation.

Sd. V.P.Madhava Rao,
Dewan of Mysore.

"Extract"

C S Balasundaram
Offg; Secretary to Government.

Submitted to His Highness.

The Military Assistant has proposed the addition of a rule to the Mysore Service Regulations, fixing 55 years as the age limit for the superannuation of officers and men of the Barr Infantry and empowering the Chief Commandant to retire them on their attaining that age and being found inefficient for further service without a medical certificate.

The necessity for such a rule has been brought to notice in connection with the case of a Subedar in the 1st Battalion of the Barr Infantry, who is 58 years old and whom the Chief Commandant considered unfit for further service, but who was certified by the Medical officer to be still fit for duty. In such a case, the existing rules require the opinion of a Committee being obtained.

The question of framing a rule as proposed ... ...sidered in Council. The opinion of the Council is contained in the appended extract of Council Proceedings. The recommendation therein made may be approved.

The rule to be inserted is as follows:-

"382 A. For invalid pension or gratuity a medical certificate of incapacity for further service will be required, except in the case of officers and men who have attained the age of 55 years. These will be retired by order of the Chief Commandant, subject in the case of Commissioned officers to confirmation by Government."
